WANTS PART OF APPEAL DISMISSED

Town of Norwich Files Motion with Superior Court Clerk Regarding the Electric Road Track at Taftville.

For some time the matter of the layout of the electric rallway track of the Connecticut company at Taftville has been before the selectmen, railroad commissioners and the superior court. The matter concerns the changing of the track from Front street to Norwich avenue, which the selectmen decided to allow them to do, provided they would move the telephone company's poles and run their hourly cars to Taftville up into Front street to the Ponemah company's store. An appeal from the selectmen's decision was taken to the railroad commissioners of the state, but the selectmen were sustained in their decidence of the selectmen and the politic population. It is claimed an attempt is being made by the appellant to have the court review and reverse on appeal

from the selectmen's decision was taken to the railroad commissioners of the state, but the selectmen were sustained in their decision.

The New Haven Railroad company has now taken an appeal from that decision to the superior court and in answer to their appeal the town of Norwich asks to have a part of that appeal dismissed, claiming that the time had elapsed in which they could appeal, long before they took the appeal to the railroad commissioners.

In this motion for the dismissal of part of the appeal of the New Haven road from the order of the railroad

Several decisions were handed down on Thursday by Judge Waller of the common pleas court.
On the ground that the sale of an order of the kind is an illegal transaction, Judge Waller has sustained the demurrer in the suit of Nathan Pumerantz & Co. vs. Thomas E. Donoine of New London.

Judge Waller handed down another decision in the case of James E. De-Wolf and wife of Norwich vs. Jeremiah E. Fitzgerald of New London. This is a suit for a claim against the P. H. Fitzgerald estate for \$55.90. The claim is brought against Jeremiah Fitzgerald because he was administrator of the estate. In this case the demurrer to the plea to jurisdiction is sustained. The best baseball season in the history of the village is what was predicted for Taftville at a well attended and enthusiastic meeting of fans on Thursday evening. There seems to be every indication that the fastest team in years will represent Taftville in the Eastern Connecticut league this season, a team that can be depended upon to make the hardest kind of a try to bring back the pennant to the champions of 1908.

About half a hundred of interested followers of the sport were present at

Archie Molleur was elected as manager of the team. John B. Benoit, Joseph Woisard and Adolph Larowe were appointed a committee to see about ball grounds. Another committee to raise funds to get the team going was chosen, James Emerson. Stanislas Breault and Archie Molleur being its members. A general discussion of the baseball outlook in its various phases followed the real business, until adjournment was taken about 9.30.

A meeting open to all interested was announced for next Thursday night, when the formation of an association and the election of a president and other officers will be in order.

A change in grounds will be one of the things favorable to baseball in Taffville this year. Heretofore the league games have been played at Sachem park, and because of the distance from the village the attendance was far from what could be desired, especially from a financial standpoint. This senson the games will be played on the grounds at the head of Providence street belonging to the Ponemah company, which is in a central location and easily reacehd. Although there is no enclosure about the field and therefore the payment of admission cannot be enforced, it is confidently believed that the interest and support of the people of Taftville will keep the team on a firm financial basis. notice. Rev. and Mrs. Zumbro have left Madura for a while because of cholera.

Miss Jennie Dennison read a letter from the hospital at Sivas. Turkey. Several special prayers for missions were offered. A short time was taken for conversation which deepened the impressions of the hour as to the need of money for medical work and also made clear the great skill of the missionary physician. Mrs. N. D. Robinson read of the increase in salaries of missionaries supported by the eastern Connecticut branch. This is because of the higher prices of living.

Mrs. Dwight W. Avery read most interesting letters from her sister. Mrs. Ussher, who is now in Van, Turkey. While on her recent funlough to this country Mrs. Ussher raised nearly \$2,000 by the sale of lace made in Van. The women make this lace under Mrs. Ussher's direction.
